

SCHOOL BOARD EVALUATION

The Apple Creek Public School Board recognizes the importance of regular periodic assessments of priorities, goals and objectives. Therefore, it shall be the policy of this board to conduct a self-evaluation every two years based on the stated priority objectives for the year, the goals of the Board, and the board's job description.

Consistent with the understanding that the Board acts only as a whole and that individual board members have no authority or power, the evaluation will focus on how the Board functions, not how each individual functions. Individual board members are encouraged, however, to conduct a personal self-examination in conjunction with the board evaluation to gain insight and understanding into the quality of their own board service.

Dissemination

The evaluation instrument(s) shall be administered as follows:

- The instrument shall be provided to each Board member for his/her evaluation.
- All completed instruments shall be returned within ten (10) days to the Business Manager who shall summarize them and bring the evaluation summary to a board meeting for review.
- The Principal should identify a group of not less than 2 and not more than 8 employees of the District, including the Superintendent, who have regular opportunities to observe the work and proceedings of the School Board. These employees will complete the evaluation, the results will be compiled and summarized by the Superintendent by letter to the School Board, and the evaluation will be reviewed at the board meeting designated by the President.

Following the evaluation, the Board will meet to establish the priority objectives for the coming year.
