Dissemination of Staff Conduct Standards

The Principal or designee shall develop a procedure to ensure that this code of conduct and other policies governing staff conduct are provided to all staff annually. The Board further directs the Principal or designee to compile a list of state laws related to staff conduct and disseminate this information to staff annually. The Principal or designee also shall provide a copy of the Education Standards and Practices Board Code of Professional Conduct for Educators to teachers and administrators annually. Administration should require staff to acknowledge, in writing, receipt and understanding of all documents provided to them under this policy.

If a staff conduct policy contains specific policy dissemination procedures that are more comprehensive than the policy dissemination requirements contained herein, the more comprehensive policy dissemination procedures should be followed.

Reporting and Investigation

Any staff member who has reason to believe that this policy may have been violated is required to report the alleged violation to the Principal or individual/entity designated by law/policy to receive such reports as soon as possible. Students and community members who have reason to believe this policy has been violated are encouraged to report this to the principal.

The reporter may submit a written or oral report of the alleged violation. The supervisor or administrator receiving the report should document the date and time that the report is received, nature of the alleged violation, name of the

reporter (if choosing to identify him/herself), and names of any witnesses to the alleged violation if this information is not submitted by the reporter in writing.

The Principal shall refer the report to the Superintendent as soon as possible for investigation and resolution. The Superintendent shall investigate the alleged violation in a timely manner not to exceed 60 days unless the Superintendent determines additional time is needed. The Superintendent shall issue a summary of the investigation's findings to the employee who is the subject of the investigation.

At any time during the investigation process, the Superintendent or designated investigator may refer the alleged violation to law enforcement if a violation of law is reasonably believed to have occurred and/or ESPB if a violation of the Code of Professional Conduct for Educators is reasonably believed to have occurred. Such referrals do not relieve the District of its responsibility to complete an internal investigation of the alleged violation.

If a staff conduct policy contains an investigation procedure that is in conflict with the investigation procedure contained herein, the most comprehensive investigation protocol of the two in conflict must be used to conduct the investigation.

Alleged Violations by the Superintendent

If the Superintendent is believed to have violated this policy, the alleged violation shall be reported to the Board President who is responsible for conducting the investigation and rendering a final decision on the outcome of the investigation in accordance with this policy. The Board President may retain an attorney or consultant to assist with the investigation process.

Violations

Violations of this policy shall result in appropriate disciplinary action as determined by the Superintendent. The superintendent's decision is final. If the violation is covered by another district policy on staff conduct (e.g., discrimination or harassment), any specific disciplinary consequences contained in that policy shall apply.

Retaliation and Providing False Information Prohibited

The District prohibits retaliation for an individual's participation in an investigation and/or initiation of a report under this policy, including instances when an allegation is not substantiated. The District also prohibits knowingly filing a false report and/or knowingly making false statements during an investigation.
