

BOARD POLICY DEVELOPMENT

The Board is the policy making body for the School District. The policies of the Board shall be within the framework of state and federal laws and regulations.

It is the Board's intention that the written policies serve as guides for the discretionary action of those to whom it delegates authority and as a source of information and guidance for all persons who are interested in, and affected by, the District schools.

Proposals regarding policies may originate with any person who perceives a need for a policy statement in a particular area, including a member of the Board, the Principal, a staff member, a parent, student, consultant, civic group, or any resident of the District. The Board shall consider the recommendations of the Principal and the viewpoints of persons and groups affected by the policy before taking final action.

Changes in needs, conditions, purposes, and objectives will require revisions, deletions, and additions to the policies of the present and future Boards. The Board welcomes suggestions for ongoing policy development.
