In addition, all applicants for instructional positions shall be required to comply with the following requirements:

The Principal shall verify all information supplied to the District by the applicant as delineated above and shall serve as the adjudicator for background checks, may check all applicable sexual offender registries, and may interview an applicant's former employer(s) and/or supervisor(s). The Principal may check all references supplied by the applicant within all applicable laws related to applicant notification and consent when obtaining records.

Final Applicant Rights

Records obtained by the District for background and other record checks will be used solely for purposes that they were requested and will only be disseminated and retained in accordance with the personnel records policy. The Business Manager shall advise applicants that the procedure for obtaining, correcting, or updating federal records is contained in 28 CFR 16.34. Before making a hiring recommendation, the Business Manager shall give the applicant a reasonable time to correct and/or complete his/her criminal history record or decline to do so.

Selection Process

The administration shall make all hiring recommendations on a case-by-case basis. When making recommendation considerations, the administration shall, at least, consider an applicant's compatibility with the district's mission statement; his/her ability to perform job requirements, protect the integrity of the District, and promote the efficiency of district operations; and the applicant's potential risk to district operations, students, and staff. The administration shall determine risk based on the following factors:

1. The nature and gravity of any known misconduct and/or offense(s);
2. The time that has passed since any known misconduct, criminal conviction, and/or completion of a sentence occurred;
3. The nature of the job sought.

Disqualifying Factors

Factors that may exclude an applicant from employment include, but are not limited to, the following:

1. The applicant has committed a felony, sexual offense, crime against a child, or any other offense involving a child victim.
2. The employment would create a direct supervisor-subordinate relationship with an immediate family member who is also an employee. Employees who marry or become members of the same household may continue employment; however, a direct supervisor-subordinate relationship between the employees shall be avoided.
3. The falsification or omission of any information given to the District by an applicant or made by an applicant during a job interview, including but not limited to information concerning criminal convictions or pending criminal charges.
4. The individual has not met ESPB's standards for teaching licensure and/or will not have obtained a teaching license by the start of the school year.

Issuing Contracts

If the Board approves hiring a new instructional staff member contingent upon satisfactory adjudication of criminal history records, the individual's teaching contract shall be issued with language notifying him/her of this contingency. Satisfactory adjudication means that the teacher has not committed a felony, sexual offense, crime against a child, any other offense involving a child victim, or any other crime that the adjudicator has reason to believe poses a safety risk to district students, staff, or operations or could substantially disrupt district operations. The District prohibits instructional personnel hired under this contingency from having unsupervised contact with students until the criminal history record is adjudicated by the District in accordance with this policy and deemed to be satisfactory.

Orientation

Each teacher shall be responsible for locating the digital copy on the Apple Creek School website of the handbook containing information required by Department of Public Instruction regulations.
