Cori Hilzendeger presented the Principals report. Cori will have all teachers check their laptops to make sure that all are in good running condition. Chrome books are going to follow the students from grade to grade, which will give the students incentive to keep them in good condition. Also able to check out Chrome book to take home for study or login for distance learning. We need to update the computer/chrome book sign out sheet for privacy information so all students and parents know that all information on them is not private and is available for the school to see at any time.
